

## **Privacy/Confidentiality Statement**

Bridge Business & Technology Inc. respects the privacy of our customers. We promise to never release our customers personal or business private information (name, address, phone number, email address or credit information) to anyone who is not in the service of our customers. Information collected through personal contact, visitations, web based communication and cookies will only be used in providing service specifically to our customers.

We are aware of the Alberta Government Freedom of Information & Protection of Privacy guidelines. Our computer based customer data utilizes the latest security standards for the protection of customer information.

I have been making my living with computers since 1975 I am aware of the importance of electronic data as well as the need for confidentiality of business information. I am concerned about the confidentiality of information that is shared with me, in my customer's service, and do my best to protect this trust.

John B. Walkey B.A, B.Ed.
